Weather Seal Extra SP Exterior Emulsion

Weather Seal Extra SP Exterior Emulsion is our most advanced exterior wall finish, engineered to withstand the harshest climatic conditions. Its high-build acrylic formula incorporates cutting-edge weather guard technology that forms a tough, flexible film on your walls. This acts as an impermeable barrier against heavy tropical rain, preventing water ingress and subsequent structural damage while maintaining excellent breathability.

Furthermore, this premium exterior paint features superior UV resistance, ensuring that your home's vibrant colors do not fade even under scorching sunlight. Formulated with advanced anti-algal and anti-fungal additives, it keeps your exterior walls free from unsightly black spots and moss. Keep your home looking beautifully pristine and well-protected for years.

Why Choose It

- ✓ Ultimate protection against extreme rainfall and moisture.
- ✓ Advanced UV resistance prevents color fading.
- ✓ Superior anti-algal and anti-fungal properties.
- ✓ Dust and dirt pick-up resistance.
- ✓ Rich soft sheen finish that enhances exterior aesthetics.

Performance & Protection

exterior protection.

Frequently Asked Questions

Q: How long does this exterior paint last?

A: With proper application, Weather Seal Extra SP offers up to 7 years of high-performance protection.

Q: Can it withstand heavy monsoon rains?

A: Yes, it is specially formulated with water-resistant polymers to protect walls from heavy rainfall.

Q: Does it prevent algae growth?

A: Absolutely, it contains powerful anti-algal additives to prevent black spots and moss on exteriors.

Q: Will the color fade in the sun?

A: No, its UV-resistant pigments ensure long-lasting color retention even in direct sunlight.

Q: How many coats should I apply?

A: We recommend applying 2 to 3 coats over a primed surface for optimal protection.

Q: Does it require a primer?

A: Yes, applying one coat of exterior wall primer before painting is highly recommended.

Q: Is it washable?

A: Yes, exterior walls painted with this can be washed down with water to remove accumulated dust.
